

CRM

For Healthcare Marketing Professionals

In today's competitive market, you need a Customer Relationship Management (CRM) system in order to make smart, data-driven decisions

and to support those decisions with proven ROI. We know you need more than a software vendor, you need a marketing partner that you can trust. At LionShare, we're changing the way CRM works for healthcare marketing professionals.

We understand the healthcare landscape is ever changing. Demands on marketing are high and budgets are always in consideration. At LionShare, we make managing your CRM world less stressful. We will be right beside you making your evidence-based, measurable marketing solutions easy.

Time is money – Our 65 business day lead time implementation is the fastest in the industry

Data segmentation, marketing automation, and analytics all part of one platform

No vanity metrics – Formulated ROI reporting based on your defined key metrics

Digital and direct mail turnkey campaign production services including design, printing and fulfillment

Multiple package solutions to choose from, to fit any sized budget

Full support allows those with limited resources to outsource CRM strategy, campaign execution, and analytics

WANT TO SEE WHAT OUR CLIENTS SEE?
